

BUSINESS PROFILE

2020

FIRSTLY
THANK YOU
FOR CONSIDERING US!

Bokamoso Energy Solutions is a black woman owned, DOE licensed petroleum wholesaler, a Private Company which was founded by Ms. Lebogang Sebati. As an organization, we are committed to contributing to the socio economic development of the country and the entire region through infrastructural development and skills development.

Lebogang Sebati
Managing Director

Values

Bokamoso Energy Solutions wishes to provide a service to the African economy and there by become involved in a sector of rapid fuel growth. The agility and willingness to comply with the standards of the fuel industry will secure the future of this corporation. To become 100% black-owned market leader in fuel refining across Africa

Mission Statement

Bokamoso Energy Solutions is dedicated to providing services and products that combine quality performance with value pricing. We wish to establish a successful partnership with our customers, our employees, and our suppliers that respect the interests and goals of each party. Constantly striving to supply what the consumer is asking for, we will continually review what is available in the marketplace, and what isn't. Improving on what is available and providing new products and services to the areas of need will help ensure our success in a market driven by consumer demand. Success will ultimately be measured by our customers choosing us because of their belief in our ability to meet or exceed their expectations of price, service, and selection.

Company Operating Principles

Good corporate governance, being a learning organization, being a caring organization, customer centric organization, team culture, providing quality affordable and reliable products and service, delivering prompt and efficient customer service, better the gap created by other fuel and oil suppliers.
